

CABINET PART ORDER FORM

CABINET CONSTRUCTION:

- All European frameless cabinets are constructed from the highest quality ¾" Melamine or ¾" Pre-finished material Unless Otherwise Note on order form.
- Exposed edges are finished with 1mm PVC edgebanding U.O.N.
- Cabinet backs are 1/4" thick and fully captured.
- Mounting plate holes are for clip mounting plates with 5mm pre-mounted system screws
- Cabinet parts have pilot holes drilled for your screws.
- Finished ends that are not Applied ends will have pocket holes in the parts to screw into the Finished End.
- Doors currently offered are flat slab doors.
- Identification labels, pre-drilled screw holes, and locations for drawer guide mounting are just some of the features you will find in our cabinet components.
- Tell us the drawer hardware you plan you use and we can drill the holes.
- Note: cabinet depths are the box measurement without doors!
- All hardware (hinges, drawer slides, mounting plates, etc) is provided by customer unless otherwise specified.

PROCESS/FLOW:

1. Complete this form or send us a set of plans.
2. We send you a quote.
3. Once approval is obtained, a 50% deposit is received, and materials arrive in our shop, we will start your job.
4. Parts will be cut and edgebanded with efficiency and accuracy.
5. Parts will be palletized, strapped, and cellophane wrapped for safe transport (we can also use your existing transport method).
6. The remaining balance is due at pickup time at our shop in Santee. We can load with forklift if needed.

The cabinet list is on the next page. We're continually adding to the list. If you need a cabinet that you do not see on the list, let us know and we'll do our best to accommodate you.

CABINET PART ORDER FORM

Base Cabinets	Code
